

## **Guest Player Release Form** **FAQ's**

### **When is the NTSSA Youth Commissioner signature needed for a Guest Player Release form?**

NTSSA Youth Commissioner signature is needed in two situations:

1. NTSSA player will guest play with a NTSSA registered team in a tournament held outside of NTSSA boundaries
2. A player has been released from a competitive team by NTSSA and has not yet joined another team. NTSSA will sign as releasing head coach.

When the NTSSA Youth Commissioner signature is required, NTSSA signs last. Only send form to NTSSA when all other required signatures are present.

### **How long will it take to get the signed form, once submitted to NTSSA, when the Youth Commissioner signature is required?**

A properly completed Guest Player Release form will generally be approved within 24 to 48 business hours.

For releases that require NTSSA approval, please email the form to [travelandguestplayer@ntxsoccer.org](mailto:travelandguestplayer@ntxsoccer.org)

### **What if the player that is guest playing is not registered under NTSSA?**

In order to guest play with a NTSSA, a player must be registered through an association affiliated with North Texas Soccer. If player did not register with any NTSSA association or team for the current soccer year, please contact a North Texas member association to register the player. That member association will then sign as the releasing head coach and member association on the form.

### **What if the player is registered as Academy only?**

If the player is registered Academy only, they are not permitted to guest play with any recreational team per rule 4.6.1 No. 5.

Only true age 10U academy players may guest play with a true age 11U competitive team. Home Association the 10U player is with will sign as the releasing head coach and member association when guest playing with an 11U competitive team.

### **Can a Competitive player guest play on a Recreational Team?**

No, competitive players are not permitted to guest play for a recreational team.

Recreational players, however, are permitted to guest play for a competitive team, but only if they are of proper competitive age based on competitive playing rules.

### **What if the guest player needs a player card or registration number?**

If a guest player needs a player card or a registration number, please contact the Member Association where the player is registered. The Member Association is responsible for printing the player card and issuing registration numbers. If you do not know who your Member Association is, please contact your team manager or coach.

### **What if player is from another State Association or the team they are guest playing for is from another State Association?**

The NTSSA Guest Player Release Form is for a NTSSA registered player guest playing on a NTSSA registered team only. For a NTSSA player guest playing on an out of State team, or NTSSA team asking for an out of state guest player, they need to complete the Interstate Permission Region III form. This is on our website at [www.ntxsoccer.org](http://www.ntxsoccer.org) under resources, then youth forms.

### **What if the releasing coach refuses to sign or is unavailable?**

Recreational players can have their rec home association sign if needed as the releasing head coach.

Competitive players are required to have their releasing head coach sign the form. If the releasing head coach denies the form, the player is not permitted to guest play with that team. If player is having difficulty contacting the coach for permission, they should contact the team club admin first to have them contact coach. If still not able to reach the coach in a reasonable timeframe, NTSSA can be contacted. NTSSA will attempt to reach out to the coach at that time.

### **NORTH TEXAS SOCCER GUEST PLAYER RULES**

See complete rules in North Texas Soccer Bylaws & Rules at [www.ntxsoccer.org](http://www.ntxsoccer.org) under About Us Tab. Rule 4.6
